Zemin Wang

Full-Stack Software Engineer

(+86) 132 6036 7159 | u20200723@126.com | linkedin.com/in/maxkyu-0b76a518b | Beijing, CN

About me

8 years of experiences working in the web tech domain for medium companies. During those years I have worked with a wide variety of web app development.

Strong skills for coordination and for building trustful relationships and at the same time motivating colleagues and teams to move forward and continuously improve.

I am looking for the opportunity to work on building amazing web app for any companies or individuals.

If you are interested in me, just drop me message then I will reach to you soon.

Software Engineer Experience

- Bankend Software Engineer | Ranos.io | Shareclarity Limited | Auckland, NZ | May 2020 – Present
  - ➤ Ranos app allows people to use financial services. I have been working on bankend and my mission is to build REST APIs with Python and Flask.
- Front-End Developer | UziData | Shenzhen, CN | January 2019– April 2020
  - ➤ Uzidata app is analytics platform to the blockchain & cryptocurrency community. I have been working on frontend and my mission is to build UI and improve rendering performance.
